IT PAYS TO BUY THE BEST

To Every Lady

visiting our store we will give the current issue of "What to Eat," the most beautiful, artistic and reliable epicurean magazine in the world. We have made arrangements to pre-empt it for distribution each month, as we believe the time has come when great interest should be taken in the subject of pure foods, and we know of no other publication lent goods of every kind. Then, too, in addition to this, "What to Eat" is the only entertaining magazine on the food subject published in this country, its pages being full of suggestions for entertaining, jests for the table, bright stories and practical menus and recipes, in fact, all topics of value, not only to every housewife, but to the gentlemen of the house hold and club. The merit and standing of the magazine may be realized from the thousands of flattering newspaper notices of the press in all parts of the world. Here are a few:

"A most artistic and excellent magazine."—Paris edition of the New York Herald.
"Almost good enough to eat."—Philadelphia Call.
"Printed exquisitely, illustrated delightfully."—London Epicure.
"Is every way superb."—Boston Globe.
"Unique in its conception and artistic excellence."—Christian Intelligencer.
"Bright and interesting as usual."—Omaha Bee.
"In many respects it leads many of the popular magazines."—Scranton Republican.

EMPEROR REAL RULER.

Victoria, B. C., September 2.—Chinese refugees say, in a North China Gazette, brought here today, that the emperor in tears, and groveling at the feet of the empress dowager, besought her not to attack the legations and bring ruin on the empire. He was contemptuously refused by the empress and Prince Tuan, in the same paper, says the American minister and Baron von Ketteler were warned by three ministers of the contemplated attack and the latter refused to heed the warning not to go to the tsung li yamen on the day he was killed. The following account of the sort of the American legation is given: The American legation was surrounded by thousands of Chinese when Captain Meyer and men charged and drove them and held them back.

RUMORS AS TO LI CHING.

St. Petersburg, September 2.—The Official Messenger publishes the following dispatch, dated Peking, August 20, from the Russian minister, M. De Giers: There is an unconfirmed rumor that Prince Ching has been appointed regent, but is afraid to return here unless the foreign envoys will guarantee his liberty. The dignitaries remaining in Peking have consequently resolved to petition the diplomats, in the interest of an amelioration of the situation, to invite Prince Ching to return to Peking and to give explanations.

RUN-OVER BY A TRAIN.

Houston, Tex., September 2.—Last night the 11 o'clock train from the east on the Southern Pacific road brought in Calvin and Betsey Milligan, colored, from Sheldon station. The latter had been run over by a train and both legs below the knees were cut off, and also one arm below the elbow. Calvin had one arm run over and crushed. The amputation of each injured limb will be necessary. County Surgeon Larendon took them to St. Joseph's infirmary.

Austin, Tex., September 2.—The school census and scholastic apportionment, as shown by the records in the department of education, for Beaumont, is as follows: Total white and colored children, 1,475; amount apportioned at \$4.75 per capita, \$7,005.25. The apportionment last year for Beaumont was \$5,544, a gain of \$1,462.25. The city school tax for the city of Beaumont is \$6,250, which will make a grand total of \$13,255.25, or a fraction over \$5.98.

BURNED TO DEATH.

Houston, Tex., September 2.—About 5 o'clock yesterday afternoon, as Miss Gusie Silver, a young lady about 16 years of age, who lives with her mother, Mrs. Annie Silver, on Washington street, near the corner of Tenth, was attempting to kindle a fire with kerosene the can exploded, immediately igniting the young lady's clothing. She ran into the yard, with her mother after her, trying to tear off the burning clothing and in this attempt the mother was also badly burned. Miss Silver died last night about 11 o'clock, and the physicians have no hope for the recovery of the mother, who may not live till morning.

Fritz, the 13-year-old son of Mrs. Silver, also had his hands badly burned in his attempt to rescue his mother and sister from a five gallon can, but there was very little oil in it. The explosion blew the bottom out of the can, covering the young lady with the burning fluid.

AMERICAN POLICY UNTRUSTWORTHY.

New York, September 2.—A Paris dispatch from Shanghai reports that the French gunboat Surprise, on its way from that port to Taku, for the purpose of ascending Yang Tse Kiang river for the protection of the foreigners at Nankin and Hankow. Three additional British war ships have entered the Yang Tse river, according to Nankin advices, and Li Hung Chang is said to have demanded the services of two maritime viceroys and two members of the tsung li yamen as peace negotiators. The French opinion of the American Chinese policy is that it is quite untrustworthy, being inspired mainly by electioneering motives.

The Masconomo took out to South Africa a cargo of supplies for the British army from St. John, N. B., and has been engaged three months in that service. Returning home the Masconomo stopped at St. Helena to make a few repairs to her engine. While there Captain Mann visited the camps of the Boer prisoners. He saw General Cronje and Colonel Sheel and other notable prisoners. Captain Mann says there are 4,000 Boer prisoners at St. Helena. They are well cared for and made comfortable.

Yuan Shi Kai has been reported dead, but it has been found that the report arose from confusion of names.
